SANTA EULÀRIA
Natural diversity · Ibiza

A place where everyone lives in harmony

Because of its hippy past and the freedom that every corner of it inspires.

Because of being the meeting point of artists, intellectuals, celebrities and people from all walks of life who seek it for its discretion and welcoming nature.

Because of its lifestyle - open, cosmopolitan and inclusive - where anyone, whatever their constitution, can find their place.

Because this is Santa Eulària, a destination with a great variety of people who live naturally in harmony.

Over the centuries, many civilizations have passed through Ibiza and left their mark on the island. This succession of cultural footprints has created a unique essence – one which Santa Eulària des Riu has distilled to perfection.

Among the valued intangibles inherited from our past, traditional Ibicenco architecture holds pride of place. Through the years it has inspired numerous prestigious architects and drawn praise from international quarters.

The width and breadth of our geography encompasses a diverse range of traditional homes built from noble materials native to the island, notably olive and Phoenician juniper as well as stone and lime. The result is an architecture that is pure, simple and functional, a response to the existential needs of a bygone rural community.

Yet, these age-old techniques have come down to the present day and continue to be a source of inspiration in both the design of new dwellings and accommodations as well as the renovation of pre-existing farmhouses. Whether these structures lie in the wooded heartland of some hidden landscape, or overlook the sea, or perhaps stand near a remarkable heritage site, the result is the same: a collection of hotels, rural hotels and guesthouses that are exclusive, intimate and unique, respectful of their surroundings and environmentally sustainable.

This guide endeavours to showcase the most representative of these small establishments in Santa Eulària des Riu. Each entry includes practical information specific to the individualized products and services available, always in accordance with standards of excellence. Also highlighted are the distinctive characteristics that set each hotel apart from the others.

The catalogue includes hotels, hostels and rural hotels where visitors will find their ideal holiday retreat. All of the accommodations cultivate a warm and welcoming atmosphere while delivering a relaxed stay in full contact with nature. Breath-taking views over the seascape or landscape are guaranteed, as is exquisite fine dining based on local surf-and-turf produce.

So, disconnect from the daily grind and enjoy a yoga class, a beauty treatment, a walk along a tranquil footpath or a bike ride through forested trails. This guide is your perfect partner, allowing you to discover the authenticity and rustic singularity offered by these charming hotels, where pure comfort is always paired with the highest standards of service.

AGUAMADERA IBIZA

Silence, privacy and creative pursuits

Located some three kilometres from Cala Llonga, the Aguamadera rural hotel invites its guests to enjoy the peace and quiet that permeate this 19th-century farmhouse, now transformed into a secluded refuge where nature, food and art amplify the essence of well-being and holistic living. With a beautiful panoramic view over the surrounding hills and countryside, its permaculture gardens, orchards and terraces supply its on-site restaurant and allow guests to experience a direct connexion with the island's agrarian tradition.

Aguamadera offers six rooms and five suites spread over two areas: the main house and the old animal pens. The rustic whitewashing and intentional austerity harken back to the Ibiza of the 1930s, the Ibiza that enchanted philosophers, architects, painters and intellectuals. The majority of rooms have their own private terrace and chimney along with views over the orchards and gardens: an extension of 1,320 m² set on eleven hectares of farmland and containing over 2,800 m² of cultivated terraces where aromatic herbs, vegetables and fruits are grown.

The facilities include a wellness centre where massages, beauty treatments and workshops are given. There is also an events programme with exhibitions and select activities to foster talent and creativity.

Dating back to the 18th century and surrounded by over 26,720 metres of land, this Ibicenco farmhouse is nestled into a landscape that emanates tranquillity from every nook and cranny. Refurbished in an exclusive décor that respects the building's original materials and structure, we put Ibiza's best suites at your disposal.

Each of our rooms is uniquely decorated in a *boho chic* style you'll love, with furniture imported from different parts of the world. Parramatta's rooms and suites are meant to be enjoyed with all of your senses. Every last detail has been tailored to make you feel at home. Our offer includes a double room, four suites and one superior suite. Some of our rooms have the option of opening onto each other in order to accommodate the needs of groups and families, when larger quarters may be practical. Here you'll find the comfort and ease you require, allowing you to enjoy special moments in the company of loved ones. At Agroturismo Can Parramatta, we are one step ahead of your wishes.

Lovers of fine food will delight in our full breakfast, made from organic produce and featuring our very own house-produced olive oil, cold-pressed from "Arbequina" olives. Our breakfast-brunch can be enjoyed

at the table or in any corner of our terrace you prefer, according to your mood. Here, the real taste of Ibiza is presented in its healthiest form... with no plastic!

In this pampered environment, delineated in curvatures and clean lines, the pure white and vivid colours of the Ibicenco countryside harmonize to create a serene, balanced atmosphere, the ideal getaway for couples as well as families and friends.

AGROTURISMO CAN PARRAMATTA

LA BOHEMIA DEL RÍO

*Bohemian relaxation in the centre
of Santa Eulària*

It was back in the 1950s, when Ibiza was just awakening to tourism, that the building which today houses this adults-only Hotel with Charm was built, right in the centre of Santa Eulària, only a three-minute walk from the waterfront and beach. With a décor and furniture reminiscent of that former era, the rooms and common areas pay tribute to the name chosen for the hotel. Here you will find a veritable refuge of relaxation, replete with a swimming pool, abounding in delightful nooks and crannies, and brimming with Mediterranean and tropical vegetation everywhere you look.

La Bohemia del Río offers its guests a total of twelve air-conditioned rooms spanning five categories according to view (poolside or town) and size (double or individual). The furniture and decorative objects made of natural materials add a warm touch to the rooms, each one unique, and all done out in either a bohemian or colonial décor scheme. The establishment boasts a swimming pool with comfortable sunbeds and a pool bar, a spacious foyer with WiFi and optic fibre (ideal for meetings and remote working), a first-rate breakfast service made from local produce, and a programme of periodic activities such as yoga sessions and DJ sets.

La Bohemia del Río is a charming boutique hotel for adults and minors over the age of 16. It is conceived as an urban oasis where guests can relax both by day and by night, and which serves as an ideal base from which to explore the attractions in Ibiza's eastern and northern quadrants.

AGROTURISMO CAN TONI XUMEU

360 degrees of nature

Just a few metres from Cala Llonga, you will find Can Toni Xumeu, nestled into a privileged natural setting and surrounded by pine trees, terraced fields and dry-stone walls. It is built into the summit of a large hill over 150 metres above sea level, giving visitors a fantastic panoramic view of the sea.

This beautiful 19th-century farmhouse is comprised of five suites, refurbished to the highest standard of modern comfort without renouncing the architectural charm of the original building. Its setting will no doubt inspire guests to explore Ibiza's more natural aspects.

Serenity, wellbeing and repose are some of the words that come to mind when one thinks of Can Toni Xumeu.

Located near a 19th-century threshing-floor, whose name lives on in this exclusive venue, the hotel restaurant is one of its glories and prepares haut cuisine using produce from the on-site herb and vegetable garden.

AGROTURISMO CAN TONI XUMEU

AGROTURISMO XARC

In the heart of rural Ibiza

Agroturismo Xarc sits at the foot of *Puig d'Atzaró*, just 5 kilometres from the town of Santa Eulària and thus within easy reach of the island's northern points of interest. At the same time, it occupies a part of Ibiza that has not been transformed by mass tourism.

Dating back to the early 20th century, and originally a farmhouse, it was renovated in 2005, preserving its traditional architectural style. The establishment is set on a 50,000 sqm farm where the island's most characteristic fruit trees abound: almond, fig, carob, olive, apricot, orange, etc.

Guests are welcome to take little excursions in and around the farm, both on foot or by bicycle (which the hotel provides at no additional cost) and enjoy the vistas of the San Lorenzo valley, perhaps getting lost in the woods or following trails only transited by locals.

There are 8 double rooms and one suite, with one of the rooms equipped for persons with reduced mobility. All rooms have been fitted with full bathrooms offering a blow dryer, a bathrobe, a bathtub and a hydro-massage tower. Each of the rooms also has climate control, digital TV, a minibar, a safe, a telephone, and internet connexion.

The Agroturismo Xarc also has communal areas, both indoors and out, such as a swimming pool, gardens, terraces and a living-dining area.

Located on a 5-hectare farm, Agroturismo Xarc preserves the essence of an Ibiza untouched by mass tourism: terraced fields adorned with dozens of indigenous trees such as olive, fig and almond, which, together with its pool, gardens and terraces will make your holiday in Ibiza as unforgettable as it is revitalizing.
